## THIS TUESDAY

Mike Miller recommends this program. James Shapouri will speak on Up With Children.

## LAST TUESDAY

OK, I admit it. All this stuff that our speaker talked about Tuesday went flying over my head. Temple City resident Dr. Bret Naylor has worked for NASA's Jet Propulsion Laboratory for the last three years as a Cryogenic Test Engineer. Before that he was a graduate student at Caltech studying experimental millimeter-wave astrophysics (now you know why it went over my head). For eight of his ten years he was a graduate school, he worked on designing, building and operating an instrument to use at the Caltech Submillimeter Observatory on the Island of Hawaii. Isn't it wonderful that we have these kind of people living in Temple City?

John Chandler invites you to his Team John Fundraiser. Sunday, January 23rd. El Portal Restaurant, 695 E Green St, Pasadena. They will be donating 15% of all sales to the City of Hope. All day, eat-in or take out. In addition, Team John will be having a silent auction beginning at 4:30 p.m.. Please do your part in helping Team John raise money for cancer research at City of Hope.

President Jim Robuck is looking for victims to advertise in the Division 10 Directory. We need the usual 8 donors. Let's see...we are already 4 months into this Kiwanis year. It should be ready by mid-summer. Chuck & Pam Shaw became grandparents on Wednesday, January 12, 2011 at 4:00 a.m. Nicholas Mason Shaw 6 lbs, 4 oz. & 19 inches long. Both mother (Sherri) & baby are doing well. However the grandfather is a wreck.

## TEMPLE CITY - A GREAT PLACE TO RAISE KIDS

Bloomberg Businessweek magazine survey considered more than 5,000 middle income communities nationwide, ranking the most desirable places to live based on cost of living, education, job growth and crime statistics. Temple City was named the runner-up for the best place to raise children in CALIFORNIA, while Rowland Heights took the top position. Way to go TC.

## STUDENTS OF THE MONTH

We honored three outstanding students from Emperor Elementary School. Pictured with the proud students is Emperor teacher Mrs. Shelly Scanlan.

**Tyler** is 12 years old and in Mrs. Scanlan's class. He has a twin brother Evan and enjoys drawing and playing with his dog. Tyler said, "The best things about Emperor are the helpful teachers, all my great friends at Emperor, and the greatest Principal ever Ms. Perini." The best thing that ever happened was performing in front of 16,000 people. Personal goals are to build a lot of hospitals, get better grades, become a police officer, and to contribute to society.

**Helen** is 11 years old and in Miss Parrille's class. She has a younger sister and enjoys playing soccer, dancing, travel, and reading. Helen said, "The best things about Emperor are the great teachers, all my friends, and Ms. Perini." The best thing that ever happened is having good friends, and having a wonderful loving family. Personal goals are to stop violence to innocent people, build more hospitals and schools, to get more A's and B's at school, to travel everywhere in the world, and be the best at playing the viola.

**Celine** is 11 years old and in Mr. Giengregorio's class. She has an older brother and sister and enjoys cooking, reading, arts and crafts, basketball, volleyball, and spending time with family and friends. Celine said, "The best things about Emperor are the helpful and encouraging teachers, the feeling that you are safe at school, and the advanced technology at school." Personal goals are to have enough food for everyone, Go to UCLA or Yale, become a game show host and culinary chef, and create an institute for children's creativity.

## QUOTE OF THE WEEK

"Discourage litigation. Persuade your neighbors to compromise whenever you can. As a peacemaker the lawyer has superior opportunity of being a good man. There will still be business enough." - *Abraham Lincoln (1809 - 1865)*

**See you Saturday at Chuck Souder's Celebration of Life, Jerry**
