FEBRUARY 10, 2015 TUESDAY 12:00 P.M. VOL. 76 NO. 19

THIS TUESDAY

No Denny's on Tuesday. Bring your sweetheart to The Old Spaghetti Factory for our Annual Valentines Party. Cost is \$15 (club is subsidizing \$5). Social at 6, dinner at 7. If you want another Italian call Steve Montesanti to let him know you are coming.

LAST TUESDAY

Ray Pearl Jr. and Nick Pon from Wells Fargo Bank spoke to us about the economic outlook for 2015. Some things we learned was that the younger generation does not know what inflation looks like. IBM has determined that 90% of all data in the world was created in the last two years. When the Fed raises the rates the market does bad. We are still in a sluggish economy with the deficit growing bigger by the minute. During cyber Monday Amazon sold 1.5 million items per hour. What did they do? They did not hire more people they bought 15,000 robots. Nick is a member of the So. Pasadena Kiwanis and was Manager in TC.

Marie Leonard joined us for lunch along with prospective member Watson Gan. Watson is one of twelve children. His father passed away 7 years ago. Lucy Gan informed us that we are the recipient of the Golden Apple Award presented by the Temple City Council PTA. The Founders Day Dinner will take place on February 26 at the First Baptist Church. This is a big honor for us as this is the highest award that the State PTA has.

Mike Lepore visited John Chandler recently. He is doing just a little better and receiving excellent care. Sue thanked the club for the bulletins sent each week.

STUDENTS OF THE MONTH

We welcomed six outstanding students from Cloverly Elementary School and Oak Avenue Intermediate School. Accompanying the happy students were teachers Mrs. Pat Wenzel, Mr. Randy Marsh, and Mrs. Eileen Pontrelli.

Diane is 11 years old and in Mrs. Wenzel's class. She enjoys playing the piano and violin. Diane said, "The best things about Cloverly are the fun things to do, they always have people helping kids with disabilities, and they have special classes to help kids with certain subjects." The best thing that ever happened was going to China to visit her family. If she could change one thing, it would be that people be more thankful, giving, and kind. If she could build one thing, it would be a house for homeless people to provide food and shelter. Personal goals are to get good grades, establish a strong connection with family and friends, and make new friends at school.

Phoebe is 12 years old and in Mrs. Tenney's class. She has a younger sister and enjoys writing, sketching, and music. Phoebe said, "The best things about Cloverly are the teachers at my school are amazing, my friends are fun and a little crazy, and the library is a nice environment to read, study, and relax in." The best thing that ever happened was making a lot of good friends on the Marine Biology trip. If she could change one thing, it would be that textbooks and books in general be less expensive. If she could build one thing, it would be a library that would be open 24/7. Personal goals are to finish her piano Certificate of Merit before high school, learn how to bake, and publish a book.

Anoop is 12 years old and in Mr. Marsh's class. He has two older sisters and enjoys reading, writing, video games, and playing soccer. Anoop said, "The best things about Oak Avenue are the library, Social Studies, Junior Statesman of America, and the Teen Advisory Board." The best thing that ever happened was on the last day of elementary school he received a signed book by Lemony Snicket. It was given to him by Longden Librarian, Mrs. Wilson for helping during lunch. If he could change one thing, it would be to make gun laws stricter in America. Personal goals are to have a never-ending energy supply, become an author, get into Stanford, UCLA, or UCSB, and Anoop would like to be President of the United States.

Victoria is 12 years old and in Mr. Hart's class. She has a younger sister and enjoys playing violin and hanging out with her friends. Victoria said, "The best things about Oak Avenue are the teachers, the education, and getting to meet new people." The best thing that ever happened was meeting her best friend. If she could change one thing, it would be to end world hunger. Personal goals are to build a house for homeless people and orphans, not procrastinate, help others, and get better grades.

Ian is 12 years old and enjoys performing arts, likes Broadway musicals, abstract visual arts, and collecting Disney Vinylmations. Ian said, "The best things about Oak Avenue are the teachers and staff, the great experiences and good education Oak provides, and the good friends that are friendly and supportive." The best thing that ever happened was discovering the world of arts through the kindness of others. Personal goals are to build a less expensive Disneyland in his back yard, to get accepted into the Los Angeles County School of Arts, become an Eagle Scout before he graduates high school, and become a world famous fashion designer like Karl Lagerfeld and Zac Posen.

Bay is 13 years old and has an older brother. She enjoys playing the saxophone, listening and dancing to music, and shooting some hoops. Bay said, "The best things about Oak Avenue are the clubs and activities, the sports, and all the awesome teachers." The best thing that ever happened was going to the grocery store and smiling at a lady because they kept passing each other and later she told Bay that she made her day. If she could change one thing it would be that the Egyptians would have documented how they built the Pyramids. Personal goals are to build a giant radio broadcasting studio so everyone in the world can listen at the same time, to learn more about the world, to become something, and beat her own records.

KIWANIS KALANDAR

February 10 - Club Valentines Dinner at the Old Spaghetti Factory.
February 17 - Dan Arrighi will rally the troops for the Pancake Breakfast.
February 17 - Official visit of the Camellia Festival Royal Court.
February 20-22 - Camellia Festival Weekend and Pancake Breakfast.
February 24 - Elizabeth Devers will speak about Ronald McDonald House.

QUOTE OF THE WEEK

"There are 350 varieties of shark, not counting loan and pool."

See you Tuesday, Jerry
