MARCH 1, 2011 TUESDAY 12:00 P.M. VOL. 72 NO. 22

THIS TUESDAY

John Gera is our Program Chairman for February. Patricia Dudley will be speaking on writing therapy for cancer patients. Pat is a cancer survivor. She is a retired principal from the El Monte School District.

LAST TUESDAY

Former member Mike Eisner visited us from the California Central Coast. Richard Wenzel displayed his sewing skills with some handmade pillow cases that will eventually adorn the Ronald McDonald House. They looked so good that I have a feeling that Pat helped him.

President Jim has declared that this Tuesday will be hat day. President Jim has promised a wonderful gift for the best hat.

Richard Wenzel and Dan Arrighi made the trip to San Diego for the Mid-Winter Conference.

THE BIG PANCAKE

John Gera has a job for every able-bodied Kiwanis member. The official serving time on Saturday is from 7 to 10 a.m.. Please report for duty between 5:30 and 6 to help set-up. Remember, we only have two major fundraisers a year. This will be our opportunity to show we are the best service club in Temple City. John says: "If something needs to be done, please help whether you are assigned or not".

HAVE A SAFE FLIGHT STEVE

Temple City graduate Steve Lindsey is the Commander of the final Discovery space flight. NASA's space shuttle Discovery lifted off on its 39th and final mission into space from Kennedy Space Center at 1:50 p.m. our time.

Discovery, which has had more space flights than any other shuttle, is carrying six astronauts, a humanoid robot called Robonaut 2, spare parts for the International Space Station and several scientific experiments.

The shuttle crew is off on an 11-day mission, which will feature two spacewalks and the delivery of the first humanoid robot in space.

STUDENTS OF THE MONTH

We honored three outstanding students from Longden Elementary School. Pictured with the proud student is their teacher, Mr. Greg Shahoian.

Joann is 11 years old and has one older brother. She enjoys singing, reading, writing, blogging, and listening to music. Joann said, "The best things about Longden are it being so close to my house, the teachers and students are very friendly, and Longden makes learning easier." The best thing that ever happened is having her dad here permanently from Taiwan. Personal goals are to build a time traveler so she would not have to live through so many mistakes, write a book series, complete a huge painting on campus, and to keep her dream of being a teacher alive.

Sarah is 12 years old and has a younger brother. She enjoys reading and taking care of animals. Sarah said, "The best things about Longden are the great teachers, the nice students, and safe playground." The best thing that ever happened was having a younger brother to keep her company. Personal goals are to stop polluting the earth, build a car that would fly, get a scholarship to a great University, and make her parents proud.

Rudy is 12 years old and has a younger sister. He enjoys playing his saxophone, soccer, and dodgeball. Rudy said, "The best things about Longden are the math classes are interesting, the art classes keep me busy, and P.E. is a big challenge." The best thing that ever happened was getting his saxophone. Personal goals are to have more world peace, build a car of the future, continue to get a good education and grades, become a professional musician, and to become an architect.

QUOTE OF THE WEEK

"The difference between a democracy and a dictatorship is that in a democracy you vote first and take orders later; in a dictatorship you don't have to waste your time voting"

- Charles Bukowski
