## THIS TUESDAY

Temple Station Deputy Rick Adams will speak about the new and improved Neighborhood Watch Program and crime in Temple City.

## LAST TUESDAY

TCHS Principal Mrs. Mary Jo Fosselman-King has been in her position for 6 years. She is a life-long educator having served in many areas.

TCHS, at fifty-four years, aspires to excellence as a comprehensive high school that is student-centered, distinctive in its academic experience and dynamic in its intellectual climate.

Measure S has recently passed with work to begin soon. The computers in the classroom are eight years old and the school recently received a donation of \$250,000 from an alumnus. He has also pledged another \$100,000 if matching funds are raised before September 30, 2013. The donor has targeted technology as the area of emphasis, the money cannot be used for salaries. This will help bring Temple City High School in the 21st century in terms of technology.

TCHS has an Academic Performance Index of 885 which is fantastic. Teachers and staff are dedicated to helping students by creating a RAMS Period (Reaching All Mastering Success).

Visitors to our club today included Lisa Montesanti, Marie Leonard, Counselor Deanne Sciarrotta, and Sarah Brackbill. Rich Wenzel is looking for members to help put labels on the Scholastic Books we are donating to the schools.

Ronald McDonald Meals of Love will happen on April 3. The theme is turkey with Dave Seltman and Dan Snell with the main dish. Salad by Steve Montesanti and Rich Wenzel. Dessert by Ron Dorazio and John Gera. Bread by Sue Matchett, and Drinks by Matt Smith. You know the routine for pick-up at 4 p.m..

## STUDENTS OF THE MONTH

We honored three outstanding students from Longden Elementary School. Pictured with the students is their teacher Mr. Greg Shahoian celebrating 17 years at Longden.

**Patric** is 12 years old and has a twin brother. He enjoys swimming, tennis, and computers. Patric said, "The best things about Longden is the good environment, great staff members, and the high-speed Apple computers." The best thing that ever happened was being born. Personal goals are to build a sphere of unimaginable powers, be the best he can be, excel in everything, and to be more awesome every day.

**Doris** is 11 years old and has an older brother. She enjoys playing the piano, violin, photography, guitar, tennis, swimming, and making clay charms. Doris said, "The best things about Longden are helping, meeting, and hanging with her friends, learning something new that would help in the future, the teachers and staff are really nice." The best thing that ever happened was getting the highest score on her piano performance test. If she could change one thing it would be way society looks at others. Personal goals are to build a phone that controls everything, become a professional photographer, professional musician, and to get into Oxford University.

**Maggie** is 11 years old and enjoys dancing and singing. Maggie said, "The best things about Longden are the responsible teachers, fun activities, and we have the best materials for classes." The best thing that ever happened was getting a lot of 100's and A+'s on her report cards. Personal goals are to make the gas prices lower, build a free school, go to Stanford University, get a good job, and be able to buy anything her parents need.

## QUOTE OF THE WEEK

"I get up every morning determined to both change the world and have one heck of a good time. Sometimes this makes planning my day difficult." - E. B. White (1899 - 1985)

See you Tuesday, Jerry
