## LAST TUESDAY

We all knew this would bring out Steve Tyre. Mario Manzanilla with Kennedy Capital spoke about the possible advantages of a Reverse Mortgage.

Reverse Mortgages enable eligible homeowners to access the money they have built up as equity in their homes. They are primarily designed to strengthen seniors' personal and financial independence by providing funds without a monthly loan re-payment burden during their lifetime in the home.

Benefits include tax-free funds, no loan repayment, no income, medical, or credit requirements, you retain ownership.

After talking to my sister in-law who is a real estate broker with Sotheby's, she said be careful of the up-front fees from 17 to 35 thousand and the higher rate of interest.

I have always wondered about the heirs when they find out they are not going to get what they thought when you decide you are going to take your final nap.

## STUDENTS OF THE MONTH

Longden Elementary with their Assistant Principal Mr. Terry Sholty brought three outstanding students.

**Tustin Lee** is in Ms. Jennings class. He has a younger brother and enjoys playing video games and playing with his brother. The best things about school are his friends, and the education he receives. Personal goals are to attend a good university, get a great job, and do every non-dangerous activity in the world.

**Andrew Dang** is in Mrs. Acosta's class. He has a younger brother and enjoys troubleshooting computers, reading books nonstop, and building with lego bricks. The best things about Longden are the kind and helpful staff, up to date technology, and the colossal library. Personal goals are to achieve a scholarship to Caltech University, invent something that will change the world, and to enable his family to eschew all illnesses regardless of the environment.

**Amber Tang** is in Mr. Shahoian's class. She has a younger brother and enjoys reading, swimming, drawing, writing, and playing the viola. The best things about Longden are her friends, orchestra, and the large campus. Personal goals are to get into Harvard, Yale, or Stanford, get straight A's, and to become a doctor or lawyer.

Would those of you in the cheaper seats clap your hands? And the rest of you, if you'll just rattle your jewelry. - *John Lennon*
