## FUN AND GAMES

The world, including the U.S., is in such bad shape, that the New Yorker has given us a sort of time out, roughly as follows:

My living Will is that if I'm in a vegetative state for 15 years someone should turn off my TV.

Michael Baskin, wrote in the Wall Street Journal that "Combined with a partial improvement in the C.P.I. (The BLT is vastly superior and will easily deal with the long term solvency issues." "You mean," asked the New Yorker," the Bureau of Labor Statistics?" Answer, no, that's bacon, lettuce and tomato.

SEE YOU TUESDAY,
