Z-Sushi, Garfield & Huntington

#### T. C. KEY CLUB - 12:30 P. M.

T. C. High School, Rm 407

**MAY 10, 2011 TUESDAY 12:00 P.M. VOL. 72 NO. 31**

## THIS TUESDAY

Phyllis Howard from the American Association of University Women will speak about Tech Trek Science Camp. We have had this program before and it is very worthwhile. The program is for girls in the San Gabriel Valley. They might even bring a participant.

## LAST TUESDAY

Irene Boscoe was armed with DVD and a table full of things we should not put in our bodies. Unfortunately, this was after we just ate all the wrong things that were on the table. The bottom line was we need to eat more fruits and vegetables, Duh.

Alas, the magic pill and powder. All we needed was the recently passed Billy May or the Shamwow guy making their pitch. I don't know how much this stuff cost but I was waiting for the famous line, "But wait, we'll double your order". Irene had a long list of things that were wrong with her and somehow things are better now after inhaling Juice Plus+.

Is the Juice Plus product really magical?

Will it heal terminal illnesses? Will it instantly shave 20 years off of your life and make you young and healthy again? Most likely no. However, will it contribute to your health? Let's think about it. Juice plus markets products that contain extracts from 17 fruits and vegetables.

If you don't already know this, it won't take much research to confirm the fact I'm about to give you. Ready? Fruits, vegetables and grains are essential for vitality. We don't get anywhere near enough. Our over processed foods have many of the nutrients stripped from them before they get into our hands. Is it any wonder that the United States has ever increasing numbers of people being diagnosed with cancer and heart disease?

Juice plus simply acknowledges this HUGE problem and markets a product that's designed to help. It's not a be all end all solution. It's an aid. They state right on their website that you'll be better off eating the recommended amounts of fruits, grains and vegetables. If you can do that, GREAT! Don't use their product. The sad fact remains, this is just far too difficult to do for the average person. Thus comes the value of juice plus.

If you are someone that is not eating what you should in terms of healthy foods, wouldn't it be wise to supplement with a product that takes some of the best nutrients from these foods, and puts them in an easy to use capsule?

Anyway, I really liked the fruit gum drop samples.

## STUDENTS OF THE MONTH

We honored two outstanding students from Oak Avenue Intermediate School. Pictured with the proud students is their teacher Mrs. Becky French who has a famous father in our club, Roger Locke.

Annaka is 13 years old and in Ms. Michelle Lee's Explorer class. She has a younger brother and sister and enjoys reading, crafting, babysitting, and being involved at school. Annaka said, "The best things about Oak are the great teachers and staff, hanging out with my friends, and all the fun and exciting clubs." The best thing that ever happened was becoming a big sister. If she could change one thing it would be that people would not feel excluded. Personal goals are to build a day care center, continue to get good grades, complete her church's Young Women Recognition Award, and strive to be a leader and help those around her.

Hank is 13 years old and in Mrs. French's class. He enjoys reading, swimming, and chess. Hank said, "The best things about Oak are the great teachers, efficient staff, and friendly learning environment." The best thing that ever happened was going on the Knott's Berry Farm field trip with his class. Personal goals are to stop the cutting of school budgets, build a charity hospital, achieve excellent academic performance in high school, attend a top university like Stanford, and become a doctor.

My personal observation is that when he becomes a doctor the nurses will not believe that his handwriting is so impeccable.

## KIWANIS KALANDAR

May 14 - Postal Food Drive.

May 17 - Frank Deckon will talk about model railroads.

May 24 - Rick Wenzel will speak about the Reno Air Races

May 31 - Prospective member Ed Chen from Athens Services will talk trash.

## QUOTE OF THE WEEK

"Nearly all men can stand adversity, but if you want to test a man's character, give him power." - Abraham Lincoln (1809 - 1865)

See you Tuesday, Jerry
