T. C. High School, Rm 407

MAY 17, 2011 TUESDAY 12:00 P.M. VOL. 72 NO. 32

THIS TUESDAY

Month of May Program Chair Frank Deckon will tell us all we wanted to know about model railroads. If memory serves me Ron Dorazio is also a fan of model railroads.

LAST TUESDAY

Phyllis Howard is the Tech Trek Coordinator for the Arcadia Branch of AAUW. Phyllis is a retired K-6 teacher in the Pasadena Unified School District. She volunteers for the American Association of University Women (AAUW).

What is Tech Trek?

AAUW Tech Trek, now in its 14th year, is designed to help girls continue their interests in science, math, engineering & technology (STEM) exploration and learning, through the tricky years when new distractions enter their lives. Studies have shown that girls' interests can be sustained if they are exposed to the careers available to women in science today. Tech Trek provides some of that exposure.

The cost for sending a young girl to Tech Trek is about \$750 for the week. They ask the parents for \$50 and the balance comes from donations. The successful program has been in existence for 8 years in our area and has a rich history of working for the advancement of all women and girls.

WELCOME NEW MEMBER FERNANDO VIZCARRA

Fernando "Fern" Vizcarra is a retired hospital administrator with USC Los Angeles County Hospital and recently retired from Riverside County Hospital.

He achieved a B.A. from Cal State L.A. and an MBA from Phoenix. Fernando has been actively involved in city politics since 2001, serving on the city council for four years until termed out for two years and now currently serving his second term of office with last year being the Hon. Mayor.

He and wife Joan are long time residents with two daughters and three grandchildren. His hobbies include golf (18 handicap), fishing, hiking and scrabble on the computer. Fern would like to serve on community service, public relations and budget committees and will be a valuable addition to our organization. Welcome Fernando.

STUDENTS OF THE MONTH

We honored three outstanding students from Emperor Elementary School. Pictured with the proud students is 6th grade teacher Miss Mary Ann Parrille.

Nathanael is 11 years old and in Mrs. Scanlan's class. He has a younger brother and sister and enjoys basketball, reading, swimming, and playing the cello. Nathanael said, "The best things about Emperor are the loving teachers, great friends, and fun assemblies." The best thing that ever happened was going to the east coast. Personal goals are to stop climate change, finish 6th grade well, become an architect, and visit Korea.

Ingrid is 11 years old and in Mr. Giangregorio's class. She has a younger sister and enjoys karate, reading, drawing, and writing stories. Ingrid said, "The best things about Emperor are the great teachers, library full of books, and all the fun activities." The best thing that ever happened was path-finding with my awesome Math teacher Mr. G. Personal goals are to build a space ship to visit different galaxies, go to Yale University, to have the best friends always, and go to Mars.

Alexxis is 12 years old and in Miss Parrille's class. She enjoys soccer, swimming, and being with her friends. Alexxis said, "The best things about Emperor are my friends, the Principal, Ms. Perini, and all the teachers." The best thing that ever happened was going on the Washington, D.C. and New York trip with her school. Personal goals are to treat people right, build a time machine to relive her favorite moments in life, do better in Math, become a better soccer player, and travel the world.

KIWANIS KALANDAR

May 17 - Frank Deckon will talk about model railroads.

May 24 - Rick Wenzel will speak about the Reno Air Races

May 31 - Prospective member Ed Chen from Athens Services will talk trash.

QUOTE OF THE WEEK

"The man who has nothing to boast of but his illustrious ancestry is like the potato - the best part under ground." - Thomas Overbury (1581 - 1613)

See you Tuesday, Jerry
