THIS TUESDAY

We will not meet at Denny's this Tuesday. We will meet Thursday at Wahib's Middle East Restaurant at 910 E Main St in Alhambra from 12 noon to 1:30. This will be a Division 10 Interclub. Sue warned that "clumpers" will be severely dealt with.

LAST TUESDAY

Mrs. Carol Desy is former member Tom Desy's daughter-in-law. Carol has served at St Luke Catholic School for 20 years in technology. Carol began her Robotics career in 2009 teaching students to design, build, and program robots.

St. Luke students Sofia Bejerano, Sarah Day, and Natalie Mirasol gave a demonstration of three robots they have built. They had won many awards throughout the country in a male dominated competition.

The program is open to 5-8 graders at St Lukes. Their Mission is "To inspire and prepare the youth of today to become engineers and scientist of tomorrow".

There was something about Sue or a cousin jumping out of a plane over Normandy for D Day. No one was really sure who was jumping including Mike Miller.

STUDENTS OF THE MONTH

We honored three outstanding students from Longden Elementary School and one student from DDSLC. Accompanying the students was Longden Vice Principal Mrs. Nancy Hong and DDSLC's Mr. Jerry McKinnis and Mr. Andrew Jahan.

Lia is 12 years old and in Ms. Chang's class. She has two brothers and sisters and enjoys singing, acting, playing basketball and soccer. Lia said, "The best things about Longden are my friends, the teacher quality, and they have the best librarian." The best thing that ever happened was going on the Washington DC trip in the 5th grade. If she could change one thing it would be to cure all forms of cancer. Personal goals are to build a shelter for the poor, get on the Honor Roll, learn a different language like Spanish, and become a good soccer player.

Alexis is 12 years old and in Mr. Shahoian's class. She has an older brother and enjoys her church, soccer, dance, and playing the violin. Alexis said, "The best things about Longden are the great teachers, being involved in clubs and activities, and spending time with my friends." The best thing that ever happened was scoring 30 goals in one soccer season. If she could change one thing it would be to find a cure for cancer. Personal goals are to build a school for kids who cannot afford a good education, get a college education, to become a professional soccer player, and be a helpful and caring person.

Marissa is 12 years old and in Mrs. Lam's class. She enjoys playing softball, painting and Girl Scouts. Marissa said, "The best things about Longden are my best friends, learning about her nation's history, and having fun." Personal goals are to build the biggest sweet factory in the world, get a good education, earn the gold award in Girl Scouts, and one day being Miss Temple City.

Dennis is 16 years old and in Mrs. Roberts, Mr. Rios, Mr. Patterson, and Mr. Jahan's class. He has three brothers and sisters and enjoys all sports including basketball. Dennis said, "The best things about DDSLC are my classes, teachers, and friends." The best thing that ever happened was receiving the Public School Recognition Award. If he could change one thing it would be the cost of gas since he will be driving soon. Personal goals are to become an architect, build a new and larger DDSLC, completing college, buying a car, and owning a company.
