**JUNE 1, 2010 TUESDAY 12:00 P.M. VOL. 71 NO. 35**

**THIS TUESDAY**

Our own John Gera will tell us everything we wanted to know about our upcoming Barbecue. This is a major fund raiser for our club and if we continue to donate money to worthy projects, we need to make sure we do a good job.

**LAST TUESDAY**

We were treated to a tour of the Huntington Library in San Marino by our own guide Dr. Joan Hillard. The Huntington Library was established by Henry E. Huntington in 1919. There are 207 acres housing the Library, Art Collections, and Botanical Gardens.

Joan has taken 8 months of training and is specifically a docent for the Chinese Water Garden, better known as Garden of Flowing Fragrance. It is also known as the Scholars Garden.

Some facts that I learned are: There are over 7 million items in the Library. It is 2nd only in size to The Library of Congress. Famous artworks such as Pinkie and Blue Boy reside there.

Many members were on hand to serve ice cream at the City's 50th Celebration last Saturday. We intended to offer soft-serve ice cream. Instead what we offered resembled clam chowder soup. Blame was promptly given to Jim Robuck, the keeper of the machine. The good news is that Dan and his team sold \$301 of raffle tickets. We might possibly have an interclub with Sierra Madre on June 8th. Mr. "I am workin on it" Lepore will let us know. Public Works Director Bill Tidwell was a guest of the club.

**STUDENTS OF THE MONTH**

We were pleased to have honored three outstanding students from Longden Elementary School. Pictured with the proud students is their teacher, Mrs. Clarice Acosta.

**Richard** is 11 years old and has a younger sister. He enjoys playing basketball, football, traveling, surfing, orchestra, and math. Richard said, "The best things about Longden are my math class, after school activities, and lunch." The best thing that ever happened was getting into Miss Rutgers class during fourth grade. Personal goals are to get straight A's in the 3rd trimester, be on the high school basketball team, and become a teacher.

**James** is 12 years old and has a younger brother. He enjoys playing basketball with his friends, and studying. James said, "The best things about Longden is the quality education they provide, the teachers are very knowledgeable and approachable, my friends and classmates are very friendly and kind." If he could change one thing it would be that people would be more grateful everyday. Personal goals are to build a school that caters to less fortunate children, especially abused children, get into a good university, earning good grades, and to be successful in life.

**Josephine** is 11 years old and has an older brother. She enjoys playing basketball and reading. Josephine said, "The best things about Longden are the awesome teachers, the many fun activities that last for more than one day, and we get to see our friends each day." If she could change one thing it would be that ipods be allowed to be used during school, but not when the teachers are talking. Personal goals are to build a futuristic car, become a eye doctor, get good grades throughout middle school and high school, and get into a good college like Harvard.

**NETHERCUTT MUSEUM TOUR**

Richard Wenzel will be our guide for a Saturday tour of the Nethercutt Museum in Sylmar. June 5th at 10:00 a.m.. Contact Rich Wenzel for directions and maps. It promises to be a great event.
