AUGUST 26, 2014 TUESDAY 12:00 P.M. VOL. 75 NO. 49

THIS TUESDAY

Long-time resident and Historical Society member Delora Brown will tell about her 1 year on the Grand Jury. There will also be a 75th Anniversary wrap-up meeting immediately following our regular meeting.

LAST TUESDAY

Rich Wenzel relived his days of teaching logic to 5th grade students and Cloverly Elementary School.

Logic (from the Ancient Greek) is the study of logic features most prominently in the subjects of philosophy, mathematics, and computer science. Logic was studied in several ancient civilizations, including India, China, Persia and Greece. In the West, logic was established as a formal discipline by Aristotle, who gave it a fundamental place in philosophy. The study of logic was part of the classical trivium, which also included grammar and rhetoric.

We tried to complete the Bear Soccer, Easter Egg Hunt, The Bears New Years Party exercises. Sad to say the only person adept at this was Elmer Black's caregiver. It has been 60 years since I went to grammar school. Now I know why!!
