"Los Angeles" History, Past and As of Today."

**LAST WEEK**

Dr. Jack "Toothprints" Von Bulow thanked the club for its participation in the Toothprints program.

Temple City Kiwanis was pleased to carry on the tradition of welcoming new teachers to the Temple City Unified School District. Temple City is a very desirable place to teach, as evidenced by the fact they only needed eight new teachers this year. Two teachers were not able to be with us.

**Clarice Acosta** will be job sharing a second grade position at La Rosa School. She is a graduate of Cal State Fullerton and recently completed her credential work with student teaching at La Rosa.

**Evan Dagger** will be teaching Science at TCHS, his alma mater. Evan comes to us after teaching last year for the El Monte High School District.

**Natasha Neumann** will be teaching 5th grade at Longden School. Natasha graduated from UC San Diego and then spent several years living in Seville, Spain where she taught English to adults and also taught primary grades.

**Mary Ann Parille** will be teaching 6th grade at Emperor School. Mary Ann is a graduate of Cal State Fullerton. Mary Ann grew up in this area and is a graduate of Arcadia High School.

**Amanda Paulson** will teach 4th grade at Emperor School. Amanda is a product of Temple City Schools, and is happy to be back here as a teacher. Amanda taught one year at First Lutheran in Temple City. Amanda is a graduate of San Diego State and recently completed her student teaching at Longden.

**Dale Smith** will be teaching English at Temple City High School. Dale recently completed his student teaching at Temple City High School and completed his credential at Azusa Pacific. He is a graduate of UCLA.

The presentation of Robert Percy was exciting but would not be supported by the majority of Americans, according to the polls.

The Speaker, appearing in his dress uniform, presented a film called "World War IV ." He then talked, indicating that Muslim countries controlled 75% of the oil reserves in the world, and the Muslims will have nuclear weapons capacity. The Muslim Brotherhood would blow us up. He indicated that we had to get them before they destroy us.

Well sir, says Yr. Ed., you don't engage in a destruction derby with the crazies. Perhaps those Republicans facing re-election can be a moderating force as we deal with the President's nation building in Iraq.

**HOW TO AVOID YOUR EARLY DEATH**

Yr. Ed values you so he brings you a part of an editorial in the New York Times of Aug. 18.

"Trans fats lower the body's good cholesterol while increasing the bad. In packaged goods, they are listed among the ingredients as 'partially hydrogenated' oils. Next year, the Food and Drug Administration will require clearer identification on food labels. In restaurants, though, menus can be murky, and even restaurant operators don't always know if they've cooked with trans fats. In its own study, the health department found that a third of New York's restaurants or more use trans fats. Ideally, these establishments would work with suppliers to switch to unadulterated polyunsaturated vegetable oils. Not so ideally, some may substitute saturated fats like butter, which can also be heartbreakers. But taking down trans fats is no less worthy a goal. But considering that cardiovascular diseases kill some 4,000 New Yorkers under the age of 65 each year, perhaps they should."

We will stop here. Jerry needs space for pictures. **SEE YOU TUESDAY,**

(l-r) John Gera, Dr. Joan Hillard, Evan Dagger, Natasha Neumann, Dale Smith, Amanda Paulson, Clarice Acosta, Mary Ann Parille, Bev Jones.
