## THIS TUESDAY

Clare will speak on The Emerald Necklace Regional Park and Open Space Network. It is a vision for a 17 mile loop of parks and greenways connecting 10 cities and nearly 500,000 residents along the Río Hondo and San Gabriel Rivers. Nestled in the heart of the San Gabriel Valley, it will provide desperately needed recreational areas for communities suffering from obesity, asthma, and extreme density. It has the potential to become a world-class new park network on the scale of Central Park in New York and will be a significant piece of the vision for an urban L.A. connected by river greenways conceived by Central Park's progenitor, Fredrick Law Olmsted. The Emerald Necklace will unify more than 1,500 acres of parks and open spaces along an interconnected greenway around two major urban rivers..

## LAST TUESDAY

Dave McReady began his career in the energy business as a Nuclear Reactor Operator. He is National Sales Director for Suntech, one of the largest providers of solar energy panels.

Suntech Power is the world's largest producer of solar panels for residential, commercial, industrial, and utility applications. With regional headquarters in China, Switzerland, and the United States, and gigawatt-scale manufacturing worldwide, Suntech has delivered more than 15,000,000 photovoltaic panels to over a thousand customers in more than eighty countries. Suntech's pioneering R&D creates customer-centric innovations that are driving solar to grid parity against fossil fuels. Suntech's mission is to provide everyone with reliable access to nature's cleanest and most abundant energy source.

I must admit I don't know a lot about solar energy. I must also admit that Dave is a lot smarter than me on the subject.

Guests in attendance were Marie Leonard. Tom McIntee celebrates his birthday on the 9th. Barbara Dorazio reports that Ron had a hospital visit for an intestinal blockage. Ron is doing better and should be home now.

## WELCOME BOB AND ED

With or without glasses Mike Miller did his usual good job of inducting two new members.

**Bob Rodenbucher** is a retired insurance broker, having lived in Temple City for many years with his wife Carole. Bob is also a member of the Temple City Sportsmen Club. If you ever need a great volunteer, Bob is your guy having worked for many years with the Camellia Festival.

**Ed Chen** is a product of Temple City schools. Just some of the things he has done in his 28 short years: Worked on political campaigns for many prominent people, School Board Member, Planning Commissioner, legislative assistant to a State Senator. Having been born in Taiwan he was a tremendous help in the last Lunar New Year Celebration. Ed is currently legislative affairs director for Athens Services.

Welcome Bob and Ed. I know you will be great members!!

## KIWANIS KALANDAR

September 24 - Installation of Officers at Wenzel's home

October 4 - We welcome all the new teachers in the TCUSD.

## QUOTE OF THE WEEK

"The trouble with jogging is that, by the time you realize you're not in shape for it, it's too far to walk back.." - Franklin P. Jones

See you Tuesday, Jerry
