T. C. High School, Rm 407

SEPTEMBER 20, 2011 TUESDAY 12:00 P.M. VOL. 72 NO. 50

THIS TUESDAY

Our own Tony Euredjian will speak on The Devine Design. The role of proper breathing in the development of a child and its long term effect on our health.

LAST TUESDAY

Claire Robinson is President and Managing Director of Amigos de Los Real (Friends of the River). It is more commonly referred to as The Emerald Necklace Group.

Clair's credentials are impressive having received her MBA from the UCLA Anderson School of Business in finances, studied architecture in Paris, France. Bachelors degree from Cooper Union in New York City, studied 10 years in Ottawa Canada, taught at Carlton University, Harvard, and USC. Pardon me while I sit down, I'm getting dizzy with all this education.

The Emerald Necklace will connect residents to numerous recreational marvels including Whittier Narrows at the south, Peck Park at the north, and San Gabriel Confluence Park on the east. Peck Park is a redeveloped gravel quarry that provides 210 acres for fishing, bird watching, jogging, picnic areas and natural habitat. The Whittier Narrows Recreational Area to the south is a natural spectacle for the entire region. The San Gabriel River Discovery Center, planned to be built at this site, will educate hundreds of thousands of people annually about local watershed history. When complete, the Emerald Necklace will provide a regional network of trails and parks with connections that extend to the Angeles National Forest and the ocean.

Sixty years ago, the Río Hondo and San Gabriel River offered extensive areas to walk, jog, ride horses, play and swim. During the 1950's and 60's, they were placed in a concrete flood control channel and lost all valuable recreational space along their banks. Today, this area is one of the most densely populated regions in the state, where total park and open space is less than half an acre per 1,000 residents. The Emerald Necklace will reinvigorate these urban river corridors and return much of the original recreational space to the people that live within the surrounding cities.

Guests in attendance were Jess and Shawn Telles who came to hear our speaker Claire. Mike Miller wanted major \$\$ for UCLA's big win. Not to many takers. Frank Deckon paid for 47 years of married bliss to Connie. Chuck Shaw got his El Camino back after a certain member forgot that you had to put oil in the engine.

Good reporter that I am I include the photo of our speaker and Mike Lepore having way to much fun. I eagerly await a response from Judy Lepore including where Mike is taking her on the next cruise.

SO LONG JIM - HELLO RICH

We trade in the suspenders for the cool Hawaiian shirts. We will have a catered dinner provided by Rich and Pat Wenzel at their home, 6027 N Kauffman (about 2 blocks north of City Hall), Saturday, September 24. 5:30 if you want your attitude adjusted, 6:30 for dinner. Sign-ups will take place this Tuesday. \$15 a copy (I hear Rich and Pat are great chefs).

KIWANIS KALANDAR

September 24 - Installation of Officers at Wenzel's home

October 4 - We welcome all the new teachers in the TCUSD.

QUOTE OF THE WEEK

"Normal is getting dressed in clothes that you buy for work and driving through traffic in a car that you are still paying for - in order to get to the job you need to pay for the clothes and the car, and the house you leave vacant all day so you can afford to live in it." - Ellen Goodman (1941 -)

See you Tuesday, Jerry
