## THIS TUESDAY

This will be Part 11 as our intrepid Mike Lepore is still "Workin' on it." Our own Tony Euredjian will speak again on The Devine Design. The role of proper breathing in the development of a child and its long term effect on our health. Tony's information was great and there was much more that he wanted to share, but time was getting short.

## LAST TUESDAY

Our own Tony Euredjian gave an interesting talk, video, and slideshow of the inner workings of the adolescent mouth. Tony believes there is an alternative to continually extracting good teeth to make way for more teeth. No room for the photo of Tony, I think you all know what he looks like.

Few parents realize how malleable the facial bones of a young child are and how small things like leaving the mouth open or thumb sucking can damage a child's appearance for ever. If your child's face does not look quite like other children's, ask for advice before they are eight. Recent research has shown that prevention is better than cure.

From a very young age many faces grow downwards (vertically) and these children will grow up to be less attractive with crooked teeth but this can be avoided. On the other hand some treatments can make it worse. How can a lay person know? To be certain you should ask if there will be room for all 32 teeth and also check that the vertical growth will not be increased. If you don't receive such an assurance, you might be wise to ask for a second opinion such as Tony.

It is hard to imagine the distress when a parent is told that it is too late for their child to be corrected unless the jaws are cut and repositioned with surgery. Sadly many orthodontists do not tell parents about newer methods that can predictably avoid most growth problems until the child is too old.

John and Sue Chandler are proud of their new grand child Anna Carolyn. Appropriate fines were collected for USC wining and UCLA losing (again). Ron Dorazio joined our club September 17, 2009. Tony Straub joined on September 21, 1976.

## STUDENTS OF THE MONTH

We honored two outstanding students from the Dr. Doug Sears Learning Center. Pictured with the proud students is DDSLC counselor, Mr. Raul Acevedo and volunteer, Tom Roberts.

Kyle is 17 years old and in Mr. Patterson's, Mrs. Roberts', and volunteer Tom Roberts' classes. He has an older brother and enjoys skateboarding. Kyle said, "The best things about the Learning Center are the great teachers, school hours, and learning at my own pace." The best thing that ever happened was moving back to Temple City. Personal goals are to build a mansion, graduate from high school, and continue with college.

Selena is 16 years old and in Mr. Jahan's, Mr. Rios', Mr. Patterson's, Mrs. Roberts', and volunteer Tom Roberts' classes. She has three sisters and enjoys school work with family time. Selena said, "The best things about the Learning Center are the understanding teachers, patience, and the good advice I am given." The best thing that ever happened was getting her father back into her life. Personal goals are to build her own bank, earn her high school diploma, get her college degree, and become a correctional officer.

Congratulations to Andrew Jahan who was chosen as teacher of the year from DDSLC!

## RENEWAL OF MEMBERSHIP

Kiwanis' administrative year runs from October 1st to September 30th. Annual dues will soon be billed to the club from International, District and Division and will be based on the membership roster as of October 1st. It is therefore critical that you understand that if you do not wish to remain with the Kiwanis Club of Temple City, you must notify Mike Miller (626) 285-0525 or e mail prior to September 29, 2011. If nothing is said or done, than those who are in the club on October 1st will be billed for the annual dues by your new treasurer.

## SO LONG JIM - HELLO RICH

We trade in the suspenders for the cool Hawaiian shirts. We will have a catered dinner provided by Rich and Pat Wenzel at their home, 6027 N Kauffman (about 2 blocks north of City Hall), Saturday, September 24. 5:30 if you want your attitude adjusted, 6:30 for dinner. Menu is dips and chips, bruschetta, drinks, pulled pork, Chinese chicken salad, BBQ beans, brocolli salad, fruit salad, macaroni salad, cheese cake. (I hear Rich and Pat are great chefs).

Speaking of Rich...when he gave the program on the Reno Air Races a few weeks ago little did we know that he could have been a casualty. He was 9 rows back in the box seats when the plane crashed and killed 10 people. He was lucky, all he received was a bruised thumb from flying shrapnel.

## KIWANIS KALANDAR

September 24 - Installation of Officers at Wenzel's home

October 4 - We welcome all the new teachers in the TCUSD.

## QUOTE OF THE WEEK

"A citizen of America will cross the ocean to fight for democracy, but won't cross the street to vote in a national election." -- Bill Vaughan

See you Saturday and Tuesday, Jerry
