OCTOBER 15, 2013 TUESDAY 12:00 P.M. VOL. 75 NO. 3

## THIS TUESDAY

Mr. "I'm workin on it" Mike Lepore has come through with a winner for Tuesday. It is his own daughter Debbie Franklin. She was Juror #5 on the high profile Michael Jackson / Conrad Murray trial. I am sure she has some interesting stories to share.

## LAST TUESDAY

Peter Choi is the personable President and CEO of the Temple City Chamber of Commerce. They are celebrating their 89 anniversary with their Annual Installation & Awards Ceremony on October 21.

Peter has been on the job for 23 months and has focused on the business community including a new website, return of former members, new board members, rental of the board room.

Temple City Life is the only newspaper dedicated to Temple City only. Their deadline date is the 20th of the month for news and articles. Peter lives in Eagle Rock with his wife Donna. He is often mistaken for being Chinese and he is quick to point out that he is Korean. His father was a diplomat and his mother was a physician. He grew up all over the world, having attended Harvard University, and being a member of the Director's Guild for 30 years.

It was good to have Sue back at the helm after being up close up and personal with Arcadia Methodist Hospital. She had a bad case of sciatic nerves as opposed to the kind you get from Mike Miller. We received a thank you note from the Youman's family for the flowers for Margot's Memorial Service.

Rich Wenzel's is offering the following schedule for November 6 Meals of Love for Ronald McDonald House The theme is chicken with the main dish by Steve Montesanti and Rich Wenzel; Salad by Chuck Shaw and Sue Matchett; Bread by John Gera; Drinks by Dave Seltman; Dessert by Bob Rodenbucher and Mike Miller. A big THANK YOU to these angels of mercy, help, and kindness.

We will not be meeting at Denny's on October 29, we will be at TCUSD. Also, we will not meet at Denny's the following Tuesday, November 5. They are serving up elections in our room. Meeting place TBA.

Mike Lepore needs program chairmen for November, December, January, May, July, August, and September. We need some members to take on this important task to keep our club vibrant.

## STUDENTS OF THE MONTH

We honored three outstanding students from Emperor Elementary School. The students were brought by Emperor teacher Mr. Greg Giangregorio.

**Steven** is 11 years old and in Mr. Giangregorio's class. He has a younger sister and enjoys drawing, listening to music, and hanging out with his friends. Steven said, "The best things about Emperor are being in Mr. G's class as he balances fun and the serious side of school." The best thing that ever happened was when he found out he was going to be in Mr. G's class, he jumped up and down and screamed at the top of his lungs. If Steven could change one thing it would be to have more computers to benefit all students. If he could build one thing it would be more schools in third world countries. Personal goals are to become an Eagle Scout at 16, finish a thick novel, and become a firefighter.

**Ethan** is 11 years old and in Mrs. Scanlan's class. He has a younger sister and enjoys doing magic. Ethan said, "The best things about Emperor are the good lunches, and really good teachers." The best thing that ever happened was going to Emperor from Cleminson. If Ethan could change one thing it would be to have better technology. If he could build one thing it would be a super computer. Personal goals are to get straight A's, make new friends and have the best school year ever.

**Lynn** is 11 years old and in Miss Parrille's class. She has two brothers and enjoys writing poetry, reading books, cannonball into pools, and be in the kitchen. Lynn said, "The best things about Emperor are the encouraging teachers that not only focus on academics, but also values, the amazing and fun assemblies." The best thing that ever happened was going to school and making new friends. If Lynn could change one thing it would be to have clean water for everyone. Personal goals are to build a fifty foot high rubber ducky with a water park, to create her own recipes, to respect and help everyone that needs it, and to make people laugh.

## QUOTE OF THE WEEK

"We live in a society exquisitely dependent on science and technology, in which hardly anyone knows anything about science and technology." -- Carl Sagan

Did you know that a large group of baboons is called a congress?

That explains a lot now, doesn't it!

See you Tuesday, Jerry
