NOVEMBER 3, 2015 TUESDAY 12:00 P.M. VOL. 77 NO. 5

THIS TUESDAY

No Denny's. Go to the Zen Buffet (corner Rosemead and Broadway). Three-time Lt. Governor Ernie Arnold will make his official visit to our club.

LAST TUESDAY

Our own member Tony Euredjian is not your normal dentist. He loves to explore all the things they never taught him about dentistry. He showed a video of an alternative way to treat Taurett's Syndrome. I always thought this was a mental disorder, but we saw the immediate results of placing a simple device to align the upper and lower jaw.

Tourette's is an inherited neuropsychiatric disorder onset in childhood, characterized by multiple physical (motor) tics and at least one vocal tic. These tics characteristically wax and wane, can be suppressed temporarily, and are preceded by a premonitory urge. Tourette's is defined as part of a spectrum of tic disorders, which includes provisional, transient and persistent chronic tics.

Tourette's was once considered a rare and bizarre syndrome, most often associated with the exclamation of obscene words or socially inappropriate and derogatory remarks, but this symptom is present in only a small minority of people with Tourette's. Tourette's is no longer considered a rare condition, but it is not always correctly identified because most cases are mild and the severity of tics decreases for most children as they pass through adolescence.

Richard Wenzel has another Ronald McDonald Meals of Love scheduled for November 4. The appropriate November theme is turkey with the Main Dish by Rich Wenzel and Matt Smith, Salad by Dave Seltman and Dan Snell, Bread by Bob Rodenbucher, Drinks by Sue Matchett, and Dessert by John Gera and Ron Dorazio. Words cannot express how faithful these angels of mercy are each month.

Our regular meeting room at Denny's on November 3rd will be used as an election polling place. Steve Montesanti has secured a private room at the Zen Buffet at Rosemead and Broadway. Same time but different venue. Steve is making good progress after having prostate surgery last Friday. He would welcome a call from you.

Bob and Carole Rodenbucher need Sugar Plum Tree sitters for Friends of Foster Children. They could use you from December 2 to 16 at the mall. They would also welcome donations to buy Christmas gifts for these special kids.

STUDENTS OF THE MONTH

We welcomed three outstanding students from Longden Elementary School. Accompanying the happy students was their teacher Mr. David Liu.

Theint is 11 years old and has two older brothers. She enjoys singing and watching movies. Theint said, "The best things about Longden Elementary are the amazing teachers, the school providing lots of fun things and activities, and the fun they provide as we enjoy our childhood." The best thing that ever happened was going to a once-in-a-lifetime concert by her favorite K-Pop band. If she could change one thing it would be to have a world at peace with no wars. Personal goals are to get straight A's, to be proud of her family, and have a happy life.

Samantha is 11 years old and has an older brother. She enjoys playing the viola and drawing. Samantha said, "The best things about Longden Elementary is my teacher, Mr. Liu and my friends." The best thing that ever happened was getting her dog Candy. If she could change one thing it would be to end slavery so they would be able to live their lives. Personal goals are to build a monument representing peace, go to a good college and become a veterinarian, and get better at math.

Thomas is 11 years old and has an older brother. He enjoys building Legos. Thomas said, "The best things about Longden Elementary are the four days we have physical education, the large play grounds, the great teachers and friendly staff." The best thing that ever happened was learning to read and explore his love of stories. If he could change one thing it would be to end violence in the world. Personal goals are to build a machine to create water and food from any material, have an almost perfect homework record, get 200 Advanced Reader points, and finish his book series this year.
