#### THIS TUESDAY

Susan Schlaeger will talk about OUR Temple City Library. If you have not visited the Library lately you are in for a real surprise, especially in the technology area.

We will also honor outstanding students from Emperor Elementary School.

#### LAST TUESDAY

Nancy Pearlman is not short on enthusiasm as a Trustee of the Los Angeles Community College District. Nancy was elected to the LACCD Board of Trustees in 2001. She chairs the Infrastructure Committee and is an award-winning broadcaster, journalist, environmentalist, college instructor, anthropologist, editor, producer, on-air personality, and outdoors woman who won a 5K run in Temple City in 1976.

The make-up of the 220,000 students in the 9 community colleges are 82% minority, 60% female, 68% immigrants, 54% first generation college students, and 40% below poverty level.

We were visited by Janice Helmer, Tony Tyre, and prospective member Jerry Backstrom. Steve Tyre made \$\$\$ on the big USC loss. Steve Montesanti is breaking pipes on his 90 year old house.

#### OTHER HAPPENINGS

Elmer Black reports that there are misleading property tax reduction mailers offering lower assessments at a high price. Los Angeles County Assessor Rick Auerbach (who has spoken to our club) will do a decline-in-value for free by his department. Don't fall for the scam including a reduced fee by a local attorney who just happens to be a member of our club.

#### STUDENTS OF THE MONTH

We honored two great students from Oak Avenue School. They were accompanied by 8th grade teacher Mr. Robert Westgate.

**Vincent** is 13 years old and in Mrs. Tran's Explorers class. Vincent has an older brother and enjoys music and sports. Vincent said, "The best things about Oak are the great education I receive, friendly environment, and lots of support I receive." The best thing that ever happened was traveling to Alaska. Personal goals are to end drug use, build a large telescope, go to college, become a doctor and cure diseases.

**Kirsten** is 13 years old and in Mrs. French's Explorers class. Kirsten has a younger brother and enjoys softball and dancing. Kirsten said, "The best things about Oak are being able to talk to my teachers, the inclusiveness, and campus safety." The best thing that ever happened was traveling the world. Personal goals are to build lots of low income houses, recycle more, go to college, and become a pilot.

We also honored two great students from Cloverly Elementary School. They were accompanied by 6th grade teacher, Mrs. Patricia Wenzel.

**Esther** is 11 years old and in Ms. Tenney's class. Esther has an older brother and enjoys playing soccer, reading, and art. Esther said, "The best things about Cloverly are the skilful teachers that do their best to help students, the huge library with a great variety of books, and the PTA provides a lot of fun activities." The best thing that ever happened was when she got her dog. Personal goals are to build a large animal shelter that does not euthanize animals, get good grades in school, become a veterinarian, and do her best in everything she does.

**Jack** is 11 years old and in Mrs. Wenzel's class. Jack has a younger brother and enjoys watching Star Trek. Jack said, "The best things about Cloverly are very nice and awesome teachers, the clean school, and nice kids." The best thing that happens to Jack is when he goes to Souplantation with his family. If he could change some things it would be the economy and budget-cuts in the schools. Personal goals are to build a nice house for his parents that have done so much for him, become a professional magician, the make the honor roll, and get a scholarship for college. Jack is an extremely polite young man.
