STUDENTS OF THE MONTH

We honored three outstanding students from Longden Elementary School and one student from the Dr. Doug Sears Learning Center. Accompanying the students were teachers Mrs. Korsavong-Yi and Mr. Andrew Jahan.

Samantha is 11 years old and has an older brother. She enjoys playing soccer, reading and writing. Samantha said, "The best things about Longden are the excellent staff, safe campus, and it's lots of fun." The best thing that ever happened was ziplining over the breathtaking tropical rainforest of Costa Rica. Personal goals are to give the homeless a better life, build a huge desalination plant, get straight A's, get accepted to an outstanding college, and become an author.

Desteny is 11 years old and has two younger brothers. She enjoys basketball, track and field, football and volleyball. Desteny said, "The best things about Longden are being able to see my teachers from previous grades, Science and Social Studies, and the teachers provide a good education." Personal goals are to donate money to adults and kids who have cancer, build a huge hotel for poor people, go to college and have a good career, and to become a professional basketball player or doctor.

Jose is 11 years old and has an older brother. He enjoys playing the saxophone, reading, homework, and going to tae kwon do every day. Jose said, "The best things about Longden are nice teachers that help me make the right choices, the ELD programs for kids that don't speak English, and the music program." The best thing is having a family that spends time with him. Personal goals are to have no racism or discrimination, build a hospital, get straight A's, graduate elementary school, go to college, and become a doctor.

Alvin is 17 years old and in Mr. Rios', Mr. Patterson's, and Mr. Jahan's classes. He enjoys hiking and fishing and he loves to dance and even demonstrated his skills. Alvin said, "The best thing about the Learning Center is the reduced schedule. There is always enough time for teachers to help the students, and with a small school, it is easier to make friends." Personal goals are to have better physical health, go to Pasadena City College, go on a field trip to New York on May 24, and to get engaged.
